Only Russian Battleship Left Escaped From Port Arthur.

The Streets of the City Are Deserted and But Few Soldiers Are Doing Patrol Duty-Docks and Buildings Burned.

Headquarters of the Third Japanese Army, via Fusan, Dec. 15.-The Russian battleship Sevastopol, the only Russian warship that escaped destruction, being docked, when the other vessels were sunk after the Japanese captured 203 Metre hill, escaped from the dock and harbor Tuesday night and is now anchored under a protecting mountain. Some torpedo craft are also outside of the harbor. The tremendous price in life paid by the Japanese for the capture of 203 Metre hill has been redeemed by the utter destruction of the Russian fleet.

> "To-day's bombardment was principally directed against the arsenal and torpedo store house at Tiger's Tail peninsula, and the vessels anchored in that vicinity. The store house was set on fire and burned in about an hour. About six shells struck the ships, and three vessels used for various purposes were destroyed. One took fire and sank. The bombardment of buildings caused serious damage. The result of the indirect bombardment of the Sevastopol has not been ascertained, owing to the inclement weather."

# THE FIFTY-EIGHTH CONGRESS.

Second Session.

Washington, Dec. 13.—Senate.—Senator Stewart Monday introduced a bill to fix presidential and congressional salaries. It proposes to raise the salaries of the president to \$100,000 a year, the vice president and speaker of the house of representatives to \$20,000 each and each senator, representative and delegate to \$10,000. It is provided that the bill shall take effect March 4, 1909. The senate had under consideration the pure food and Philip-pine government bills. Debate on the former was confined to calling attention to the inadequacy of the protection accorded the people of the United States against impure foods and drugs. The discussion of the Philippine bill related solely to the question of the guarantee by the Philippine government of the income or interest on bonds of railroads in those islands, Spooner (Wis.) leading in the criticism. The suggestion was made by Mr. Newlands (Nev.) that the Philippine government should construct the system of railroads proposed.

House.-The house transacted quite a large amount of miscellaneous business Monday, starting with pension bills and considering the Hill financial bill later in the day. A number of bills of local character were passed and an adjournment was forced for lack of a quorum when an attempt was made to pass the joint resolution granting the use of the Washington monument lot for the American railroad appliance exhibition. The bill transferring the forest reserves from the department of the interior to the agricultural department, which has been pending in congress for several years, was passed.

Washington, Dec. 14.—Senate.—In the senate Tuesday a number of private bills and a few bills of a semipublic character were passed and there was some discussion of the pure food bill by Messrs. McCumber and Platt (Ct.) and Spooner. A resolu-tion granting the use of the pension office building for the inaugural ball also was passed. Mr. Bailey expressed opposition to it.

House.-Sitting as a grand jury, the of representatives Tuesday, house with almost a full membership and more than five hours' discussion to the exclusion of all other business, adopted a resolution providing for the impeachment of Judge Charles Swayne, of the northern district of Florida, for "High crimes and misdemeanors."

Washington, Dec. 15.-Senate.-The senate, which under the constitution is made the trial court in impeachment cases, Wednesday received official notice of the determination of the house of representatives to present impeachment charges against Hon. Charles Swayne, federal judge in the northern district of Florida. The matter was brought to the senate's attention by a house committee and the senate appointed a committee to prepare the details of the proposed trial. The senate considered the Philippine government bill and the pure food bill. Mr. Foraker presented a tariff amendment to the Philippine bill, but on complaint of Mr. Dubois and other senators that this provision had not been contemplated when the senate entered into an agreement to vote on the bill next Friday, it was withdrawn. A number of semi-public bills were passed.

House.-Further action on the impeachment proceedings against Judge to the sovereign, now seems the prob- Charles Swayne, of the northern disout my story and it may take months mitted, but the statement declared able outcome. An entirely new law trict of Florida, was taken in the house Wednesday by the appointment of the committee of seven provided for by a resolution adopted Tuesday to draft the charges for presentation to the senate and by the reception of the report of the committee of five to notify the senate of the impeachment, who announced that they had performed their duty and that the senate had responded that "Order shall be taken." The urgent deficiency bill and several other bills of a public nature were passed.

REED SMOOT'S CASE.

Five Witnesses Were Examined By the Senate Committee.

Washington, Dec. 14.-Five witnesses were examined Tuesday by the senate committee on privileges and elections in the investigation of protests against Senator Reed Smoot retaining his seat in the senate. The first witness described the obligations taken by persons who pass through the endowment house and declared that every one agrees to submit to mutilation of the person if he or she reveals what takes place during the ceremony. Two members of the faculty of the Brigham Young university testified that they have sustained polygamous relations since the manifesto of 1890 and a teacher in the public schools asserted that the church had religion taught in such schools.

DEAR MRS. PINKHAM: - I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes and ovaritis), which is a most distressing and painful ailment, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am to-day, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."— MISS IRENE HAPGOOD, 1022 Sandwich St. Windsor, Ont. — \$5000 forfelt if original of above letter proving genuineness cannot be produced.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.

### FLOCKING INTO CANADA

IMMIGRATION FROM DAKOTA AND ADJOINING STATES.

Major Edwards, United States Consul-General at Montreal, Describes the Movement as Due to Scarcity of Land.

Montreal, Nov. 15.-Major Allison Edwards, United States Consul-General, who returned to-day from a visit to his home at Fargo, North Dakota, said in an interview: "The proper way to describe the manner in which the people of North Dakota are coming over into Western Canada is to say they are coming over in droves. Among the people there did not seem to be any thought of there being a boundary line at all. It is simply a question," added the major, "of there not being any more land in North Dakota and the surrounding States, and the people are flocking to Canada to get good farms. Naturally the number that will come over will increase all the time, and I may say the people you are getting are the best people in the west. They are well supplied with money and are well acquainted with the conditions under which they will have to work." The agents of the Government located at different points in the United States are prepared to give the fullest information regarding homestead and other lands.
